EXPERIENCE

Coder Foundry- Technical Bootcamp, Kernersville, NC

July 2023 - September 2023

Completed all 12 weeks of online classes, during which I gained the skills necessary to build three Full Stack Projects, all of which utilize the .NET MVC Design Pattern. Feel free to view and Demo them on my portfolio link above!

Target, Kernersville NC - Tech Consultant

September 2022 - Present

My current full time role involves running and maintaining all operations within the Tech Department at my local Target. This includes receiving and stocking all electronics, backroom management, setting Sales Plans and Revisions, analyzing and reporting on Tech sales, consulting with guests to provide advice on technical issues with devices and recommending electronics that will suit their needs, and traveling across locations to provide support.

Walmart Supercenter, Kernersville NC—Front End Associate

July 2020- December 2021

Worked as a Front End associate which included the roles of Cash Register, Monitoring Self Checks, Sorting and distributing merchandise, constant engagement with customers , and various other tasks from within all departments in the store.
